ADMISSIONS OPEN NOW

AY: 2026-2027

Castle of Curiosity

FOSTERING GROWTH, SHAPING FUTURES.

Welcome to **Happy feet school,**

HYDERABAD'S first Castle themed school, where learning begins with joy and imagination.

We offer play-based learning in a safe, stimulating environment that nurtures curiosity, creativity, and confidence. Through guided play, children develop thinking skills, social values, and communication abilities, building a strong foundation for lifelong learning.

With age-appropriate activities and toys, every child is encouraged to explore, express, and grow happily and holistically.

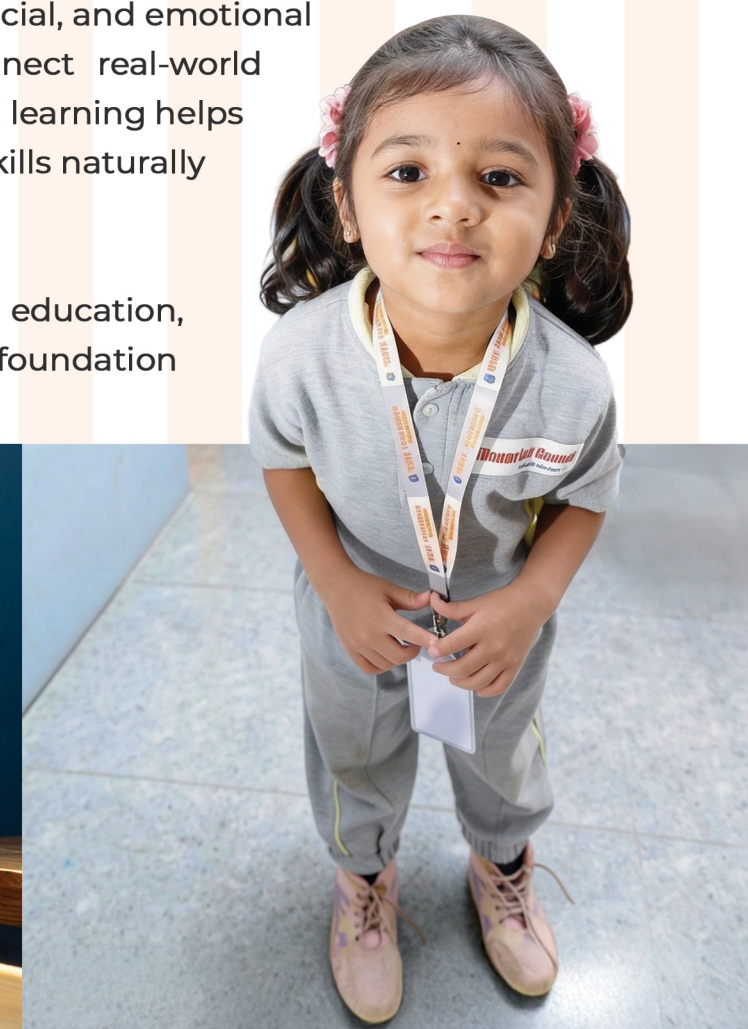

Our Methodology:

Purpose of Play in School:

Play supports a child's cognitive, physical, social, and emotional development. Through play, children connect real-world experiences with ideas and concepts. Playful learning helps them learn, practice, and master essential skills naturally and joyfully.

Our learning space offers early childhood education, preparing young children with a strong foundation before they begin formal primary schooling.
